As of April 23, 2021, Updated 1:00pm

Prepared by Mayor’s Innovation Team

Source: Los Angeles County Department of Public Health, Johns Hopkins Center for Systems Science and Engineering GitHub repo, and the LA Times.

Day of outbreak is identified as March 11, with prior cases aggregated to day 1. LA City death count lags several days.
Key Takeaways:
• As of April 22, there are open/active outbreaks at 17 non-residential locations in Los Angeles with at least three cases for a total of 1,677 confirmed cases. Last week there were outbreaks at 19 locations for a total of 1,633 cases. 90% of cases are from two major locations with outstanding investigations that span back several months.

• New outbreaks have been identified at four new locations:
  - UPS - Compton
    10 confirmed cases
  - Auto Club of Southern California - Encino
    6 confirmed cases
  - LAFD Fire Station 35 - Hillhurst
    4 confirmed cases
  - HomeGoods - Burbank
    3 confirmed cases

Source: Los Angeles County Department of Health
Note: This list includes LA County non-residential settings that meet the criteria of (1) five or more laboratory-confirmed COVID-19 cases or symptomatic persons with at least one laboratory-confirmed COVID-19 case at a worksite, or (2) three or more laboratory-confirmed COVID-19 cases or symptomatic persons with at least one laboratory-confirmed COVID-19 case at a setting with vulnerable clients. As of March 24, outbreaks that have met criteria for closure (no new cases identified for at least two weeks) but are pending final documentation have been removed from our active outbreak listings.

COVID-19 • CITY OF LOS ANGELES

Actions This Month
Mayor Garcetti announced that City vaccination sites will offer more than 106,000 vaccine doses to Angelenos this week, across eight permanent sites and ten mobile clinics through the Mobile Outreach for Vaccine Equity (MOVE) program. This week, the City will open its newest fixed site at Los Angeles Southwest College and add one mobile clinic to its citywide rotation.

Mayor Garcetti announced that the City will open up vaccinations to Angelenos age 16 and older, starting on Tuesday, April 13. This eligibility expansion comes as the City grows its vaccination infrastructure and assumes operations at the Cal State LA site.

Following guidance from public health officials, Mayor Garcetti announced that the City-run vaccination program has paused use of the Johnson & Johnson vaccine. Appointments at permanent sites will not be impacted. Angelenos scheduled to receive J&J from MOVE clinics will receive a 1st dose of Pfizer.
